

Cable Ties

Black Epoxy Coated Stainless Steel Cable Ties

316 Grade Stainless Steel

Features

- Fully rounded edges and exclusive easy thread lead-in design provides the ultimate support for network cables.
- Self-locking head design speeds installation and locks into place at any length along the cable tie body.
- Provides a strong, durable method of cable bundling.
- Can be used for a wide range of indoor, outdoor, and underground applications (including direct burial).
- Smooth surfaces and rounded edges assures cable protection and worker safety.

Product Specifications

Material: Stainless Steel Grade 316
Fully wrapped with Epoxy Resin

Temperature Range:
Stainless Steel:
-80°C to +538°C
Epoxy Coating:
-40°C to +130°C

Water absorption:
Stainless steel part: none
Epoxy Coating: <0.5%

Flammability:
Stainless steel part: Non-flammable
Epoxy Coating: UL94 V-0

Ultraviolet resistance:
Excellent

Chemical resistance:
Excellent

Radiation resistance:
2 x 10⁸ rads

Estimated outdoor service life:
40 years
