

## Portable Power Station

# Power Your Freedom

## Who is "jeri"?

Clenergy's **jeri** range is designed for the professional, the family and everyday persons alike, they're chargeable power stations that provide limitless user options, and energy security day after day and long beyond the sun passes us by, so that you can Power your Freedom your way.

### Flexible charging method

The jeri PPS offers several charging options, including AC outlets, USB-C, solar panels, and car outlets. Such flexibility in charging makes jeri a good fit for various applications and situations. A combination of charging options that provide an even faster charging experience is also feasible. For example, you can have your jeri charged via an AC adapter and a USB C cable simultaneously.

### High Safety

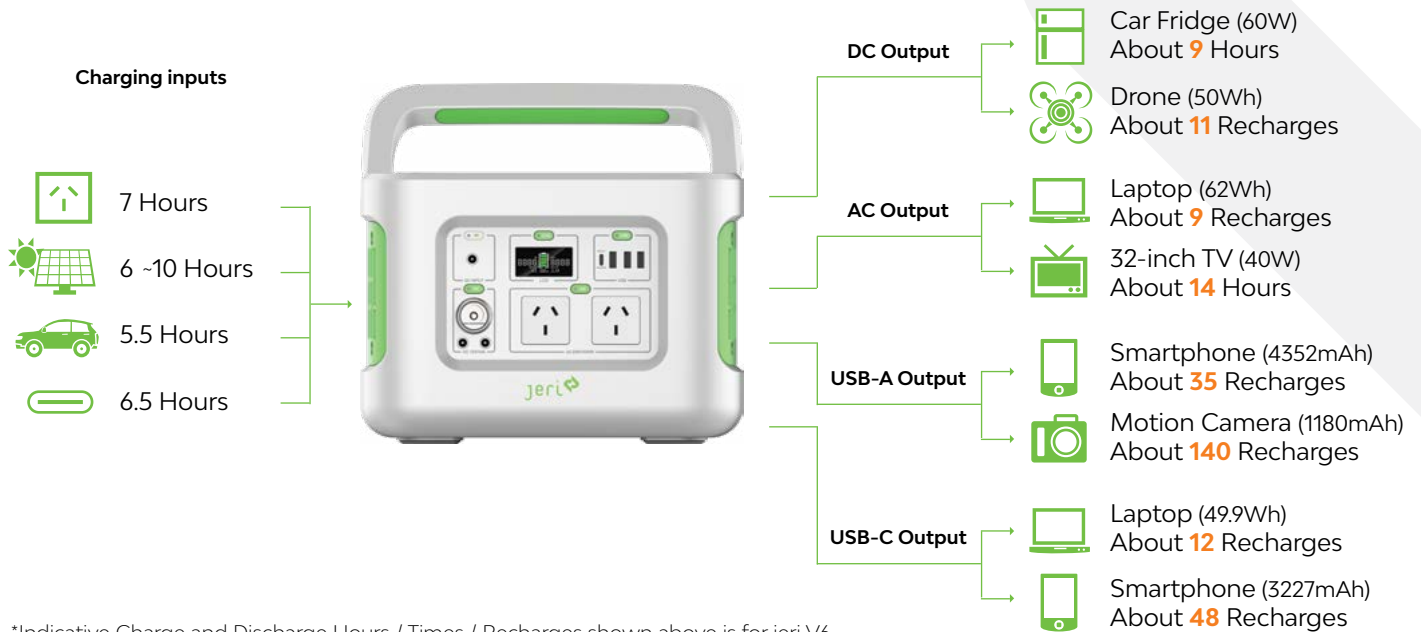

The in-built battery management system oversees the system from voltage and current to power and temperature. It integrates a variety of protection mechanisms to ensure the system's stability and safety. Besides, jeri has achieved safety certifications in AU, US and Japan, including RCM, UL2743, UN38.3, FCC and PSE.

### Low maintenance

The jeri PPS consists of a rechargeable lithium-ion battery that requires minimum maintenance. It has to be recharged only every 3 to 6 months for long-term storage if not connected to a power source.

# Flexible Charging

\*Indicative Charge and Discharge Hours / Times / Recharges shown above is for jeri V6.  
Please refer to the data sheet (on page 3) for details of other models.

## Adventure

jeri powers up your devices on the go for hours. It is a reliable power source for outdoor adventures or explorations.

## Progressive

The jeri PPS is clean and classic. It is a fantastic companion for outdoor or indoor use.

## Travel Buddy

jeri is lightweight and easily charged by the sun or your home power socket. It is your travel buddy for boating, fishing, camping, or a day in the park.

## Design

jeri offers top-quality functionality and homely cosiness, from the elegant buttons to the LCD interface.
